

Workshop

DK+ Microbial Nitrogen Cycling

co-organized with the Centre for Doctoral Studies

Thursday 9th May 2019

Location (both days): **Impact Hub Vienna**

Lindengasse 56, 1070, Vienna

09:00-09:10	Workshop opening: Christa and Melina
09:10-12:00	Lucas Zinner, Research Services and Career Development, Uni Vienna <i>Responsible conduct in research and research ethics</i> <i>Taking on the role of a scientist also means responsible conduct in research. This goes far beyond the questions of good scientific practice and also involves reflecting on the ethical foundations of scientific practice. In this mini-workshop we want to address professional questions and dilemmas that scientists could be confronted with, especially in the context of a career in a very competitive environment.</i>
10:30-11:00	Coffee break and Intro to the Hub activities (Barbara Inmann, Impact Hub Vienna)
12:00 – 13:00	Lunch break at the Impact Hub
13:00 – 14:30	Poster session and coffee - DK students present
14:30 - 16:00	Lucas Zinner <i>Talking about Careers</i>
16:00 – 17:30	Discussion with DK+ PIs about career preparation, career decisions
17:30-18:00	Wrapping up and Feedback round
19:00	Dinner in Hotel am Brilliantengrund , Bandgasse 4, 1070

Friday 10th May

09:00 – 12:00	Gareth O'Neill, University of Leiden, Outgoing President of Eurodoc – The European Council of Doctoral Candidates and Junior Researchers <i>Open Science and Plan S and what we have to know about it</i> Gareth O'Neill: <i>“Plan S is a bold and ambitious move for researchers to take back control of access to scientific publications. Author retention of copyrights, a funding boycott on hybrid publishing, and a funding cap on publication fees are especially radical. It is now crucial that early-career and senior researchers are heard to develop and implement the principles and make Plan S a success?”.</i> (http://eurodoc.net/plan-s) Gareth O'Neill is Linguist and Outgoing President of Eurodoc, interested in science policy and Open Science in Europe. He is involved in the Dutch National Plan for Open Science, expert on Open Science for the European Commission, and member of H2020 Advisory Group on MSCA. Gareth is an adviser to the FOSTER project and the Open Science MOOC.
12:00 – 13:00	Lunch break at the Impact Hub
13:00 – 15:00	Gareth O'Neill (session continued)
15:00	Closing remarks
